Made in Germany

Order no.

1.442-237.2

- Quick start function
- Year-round use
- All-wheel drive with traction control (differential lock optional)

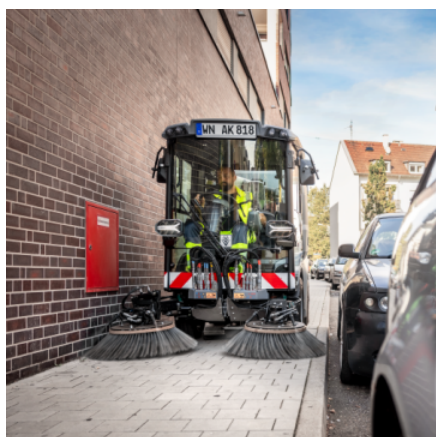

Technical data

EAN code		4066529041425
Drive type		Diesel
Traction drive		All-wheel drive
Motor manufacturer		Kubota
Motor rating	kW	48
Displacement	cm ³	2434
Cylinder		4
Fuel tank volume	l	50
Exhaust emissions standard		STAGE V
Driving speed	km/h	0 - 40
Working width with 2 side brushes	mm	2450
Working width with 3 side brushes	mm	2660
Waste container	l	1500
Water tank	l	0 - 150
Fresh water tank	l	195
Wheelbase	mm	1700
Permissible total weight	kg	3500
Dimensions (L × W × H)	mm	3774 × 1220 × 1979

This machine requires instruction.

Equipment

Heating and air-conditioning unit

Compact 3.5 t class

- Fully suitable for pavements thanks to the low permissible total weight of 3.5 t.
- Best-in-class manoeuvrability and 100% directional stability to make work in tight areas easier.
- Large potential user group, as it can be driven from driving licence class B.

Best ride comfort thanks to full-suspension chassis

- Full-suspension, hydraulic chassis with independent wheel suspension for low-fatigue transport journeys.
- Automatic level control for consistent suspension comfort in any load condition.
- 1999 mm vehicle height for hassle-free deployment in multi-storey and underground car parks.

Sophisticated brush system

- Cans, bottles and other larger items are picked up automatically by the suction opening, allowing the driver to better focus on their core tasks and the traffic.
- Individual brush control for sweeping under park benches and in irregularly-shaped areas.
